

CSWC Operational Period Summary

0600 June 03 2014 to 1800 June 03 2014

Cal OES Headquarters

SITUATION SUMMARY

Cal EOC Incident – 2014 Drought

- SOC / Inland REOC remains activated in support of 2014 Drought

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction began April 22, 2014 on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.
- Westbound Phase 1 and 2: May 27 – June 25
- Please see “Fix 50” slides for additional information, including alternate routes. [Here](#)

Northern California

San Francisco Municipal Transportation Agency (SFMTA) Delays, San Francisco County

- The sick out continues today with approximately 300 operators calling in sick. SFMTA is reporting even though they have an additional 100 vehicles on the street today, major service impacts remain. SFMTA estimates they will be operating at half of their capacity.

WEATHER

WEATHER SYNOPSIS BY REGION:

NORTHERN CALIFORNIA AND CENTRAL COASTAL AREAS:

Eureka Weather:

A slight chance of thunderstorms is possible this afternoon and evening over Trinity County as a trough drops south through the area. Temperatures over the interior will remain slightly above normal while the coast will continue to see low clouds most nights and mornings with temperatures closer to normal.

San Francisco Weather:

An upper level low over central California will keep temperatures across the region at or slightly below seasonal averages today. A slow warming trend will resume for the latter half of the week along with ongoing dry weather as high pressure builds over the eastern pacific.

CENTRAL CALIFORNIA AND SOUTHERN SAN JOAQUIN VALLEY

Sacramento Weather:

A weak low pressure system will linger along the west coast through mid-week. Daytime highs will remain above normal. There will be a slight chance of thunderstorms over the mountains through mid-week.

Hanford Weather:

Breezy conditions and slightly cooler temperatures are expected through mid-week as a weak trough of low pressure will impact the region. A ridge of high pressure will then bring a warming trend to the area by late this week and continue into the weekend.

WEATHER SYNOPSIS BY REGION: (Cont.)

SOUTHERN CALIFORNIA:

Los Angeles Weather:

Moderate onshore flow will keep temperatures mild along the coastal sections over the next few days while the interior region continues to be warm. There will continue to be night through morning low clouds across coastal areas especially the central coast with more random patchy low clouds across coast and coastal valleys of Los Angeles and Ventura counties through this week. High pressure will build over the region this weekend causing a more significant warm up across the valleys and interior portions of the forecast area.

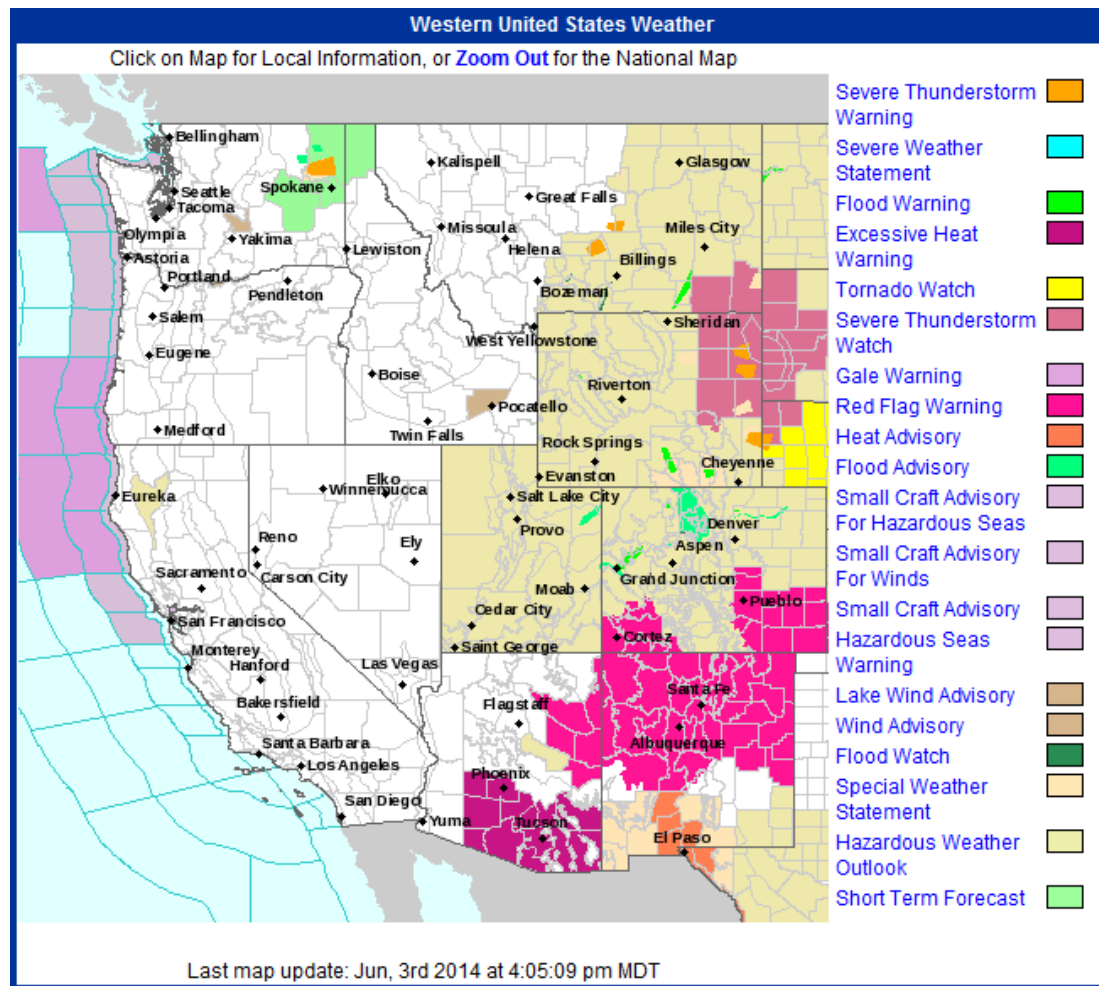

Extreme Southwestern California Including Orange, San Diego, Western Riverside and Southwestern San Bernardino Counties:

A weak trough of low pressure near the west coast will maintain seasonal onshore flow into next week. Coastal areas will remain cooler with areas of night and morning low clouds and fog. Warmer and very dry for inland areas with gusty west winds in the mountains and deserts each late afternoon through late evening each day. A slightly deeper marine layer is possible on Friday with a little warmer weather possible for the weekend into early next week.

Southeast California Weather:

Winds should favor typical diurnal trends through tonight with afternoon and evening gusts to 15-25 knots mainly in the Owens Valley. Scattered clouds at or above 25k feet should decrease by this afternoon. A few clouds at or above 15k feet are forecasted over the higher terrain of Inyo County this afternoon and early evening.

“Fix 50” Information

Major Construction U.S. Highway 50, Sacramento, Sacramento County

- Major construction is scheduled on a section of U.S. Highway 50 in Sacramento between 18th and 24th Streets.

2014 Project Dates

Roadway Construction Timing:

Westbound Highway 50: May 27 – June 25

Phase 1: May 27 - Jun 10

- The 3 inside lanes will be closed. 2 - 3 outside lanes will remain open.
- No ramps will be closed during the first westbound phase. However, the connector ramp from Hwy 99 North to US-50 West will merge down to one lane to increase safety for travelers merging onto US-50 West into the construction area.

Phase 2: June 11 - June 25

- 2-3 outside lanes will be closed. Inside 3 lanes will remain open.
- Ramp closures:
 - Connector ramp from westbound Business 80 (Capitol City Freeway) to US-50 West. Hornet Drive near Sacramento State is the alternate route.
 - Reduced lanes on connector ramp from Hwy 99 North to US-50 West (will merge down to one lane).
 - 16th Street off-ramp.

[Fix 50](#)

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

Alternate Routes:

During work in the WESTBOUND direction (May 27 – June 25):

If traveling from Rancho Cordova/Folsom to Downtown Sacramento:

- Use US-50 West to Business-80 North to “N” or “H” Street off-ramps
- Do not stay on US-50 West after Business-80 interchange

If traveling from Elk Grove/Galt to Downtown Sacramento:

- Use I-5 North to “J” Street off ramp
- Do not take Freeway-99 North to US-50 Westbound

If traveling from Rancho Cordova/Folsom to Natomas/Davis:

- Use US-50 West to Business-80 North to Watt Ave North, to I-80 West.
- Do not use US-50 West to Davis or US-50 West to I-5 North to Natomas.

If traveling on Business 80 West during Phase 2 (Closed connector ramp from Business-80 West to US-50 West):

- Get on US 50-E and use Hornet Drive (Howe/Power Inn exit) to turn around onto US-50 West
- For WB Business 80 to downtown, use Highway 160

***Motorists traveling to the Lake Tahoe area can avoid the project area congestion by taking I-80 E

“Fix 50” Information (Cont.)

Major Construction U.S. Highway 50, Sacramento, Sacramento County

Fix50 Project Update: Tuesday, June 3

It was a productive day on the Fix50 project and everything is on schedule with the work for Westbound Phase 1. Here are some updates:

Progress over the last 24 hours:

- Deck is curing with burlene blankets covering deck
- Barrier work ongoing (70% completed)
- Column casings started on west side of project area

Over the next 24 hours, crews will:

- Complete barrier work
- Continue mainline curing process
- Remove forms to mainline

In the coming week:

- Grooving and grinding new mainline deck
- Skid Test
- Striping
- Sign placement

Traffic:

- Traffic delays through the construction zone are averaging 20-25 minutes during peak commute hours and 10-15 minutes during non peak commute hours.
- The northbound State Highway 99 connector ramp to westbound U.S. Highway 50 continues to experience delays during peak and non peak hours.

CAL OES ACTIVATIONS

Cal EOC Incident – 2014 Drought

- The SOC is activated at Level 2 in support of the Drought State of Emergency from 0800-1700 hours daily.
- The Inland REOC is activated at Level 2 from 0800-1700 Monday through Friday or as needed.
- The Southern REOC is activated at Level 1.
- The Santa Barbara County OA EOC is activated at Level 2 to be handled by the duty officer for the purpose of monitoring activities and gaining situational awareness. The operational period is 0800-1700 hours.

Cal EOC Incident – 2014 Drought

Situational Summary

On January 17, 2014 Governor Edmund G. Brown proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for drought conditions. The State Operation Center (SOC) is activated to implement objectives in support of the Governor's priorities. The lack of winter rain and snowfall has resulted in extremely dry conditions in many parts of the State. Reservoir levels are down significantly from where they should be on average for this time of year. If conditions continue without substantial rainfall, severe impacts to municipal water supplies, agriculture (plants and livestock) and firefighting capabilities are likely in store for the State over the next few months. Negative economic impacts will also result.

****As our state's rainy season comes to an end, it is highly unlikely that precipitation totals will increase significantly. This winter's below average rain and snowfall worsens conditions in this third straight dry year.***

The drought could result in severe impacts to the municipal water supplies, wells, agriculture (plants and livestock) and firefighting capabilities for several months. The SOC continues to be activated to monitor the situation statewide, and support regional and local operational areas.

Situational Summary (Cont.)

- The Taskforce continues to meet regularly to take actions that conserve water and coordinate state response to the drought.
- The final manual snowpack survey of the season was conducted on Thursday (May 1) and showed California snowpack at 18% of normal. A more recent update using automated devices shows snowpack at **3%** of normal as of May 30.
- DWR has announced that water essential for health and safety will be delivered through the state water project. The current State Water Project Allocation is 5%.
- Cal OES continues to gather drought-related costs from state agencies and local governments.

CAL OES MISSIONS

Ongoing Cal OES Missions

- **2014-LAW-2679** The 95th CST will provide Joint Hazard Assessment Team support in support of SFPD's Special Operations Bomb Squad at the 2014 Bay to Breakers Marathon. Radiation detection teams will survey background levels of radiation as part of the overall security plan. The 95th deployment will include advanced planning and pre-positioning prior to race day.
- **2014-LAW-2483** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the IRL Racing Event at Sonoma Raceway August 22-24, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2481** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NHRA Racing Event at Sonoma Raceway July 25-27, 2014. They will assist with advanced planning and be pre-positioned prior to the start of the event.

CAL OES MISSIONS

Ongoing Cal OES Missions (Cont.)

- **2014-LAW-2478** The 95th CST will provide area monitoring, secure communications, and WMD expertise for the NASCAR Racing Event at Sonoma Raceway June 20-22. They will assist with advanced planning and be pre-positioned prior to the start of the event.
- **2014-LAW-2798** El Dorado County is planning an in-county SAR exercise on 07/15/14 for their volunteers and have requested the assistance of the California National Guard (CNG) aviation assets to support the exercise. Elements of the exercise will include an orientation to the various CNG air assets (H-72, H60 and CH47), hoist training, patient packaging for air evacuation and ground team insertion and extraction training.

Closed Cal OES Missions

- **2014-LAW-3765** International Emergency Response Coordination Center (IERCC) advised of a SPOT device activation in Fresno County. The registered owner (RO) of the SPOT device was a 59 year old male with medical history per his spouse. The R/O was reported to be dirt bike riding. Fresno Sheriff's Office located subject. **Mission Closed**
- **2014-LAW-3733** Air Force Rescue Coordination Center (AFRCC) advised of a Personal Locator Beacon (PLB) sounding in the vicinity of Palmdale, Los Angeles County. Cal OES Law Duty Officer is coordinating resources. **Update:** Per AFRCC, they have recorded three missed passes and are closing their mission. **Mission Closed**

Mission:

We protect lives and property, build capabilities, and support our communities for a resilient California.

We achieve our mission by serving the public through effective collaboration in preparing for, protecting against, responding to, recovering from, and mitigating the impacts of all hazards and threats.
